You have requested an extension of the closing date as provided in our Approval Letter dated 08/16/11 for the Short Sale of the above listed property. We have reviewed and noted your request and have found legitimate and good cause to grant the extension.

This letter serves to extend the closing date to: 10/31/11. All other terms and requirements of the previously issued Approval Letter remain and are requirements of this transaction.

At this time we will also remind you, we require a proposed final HUD for approval at least 72 hours before the closing. This HUD will need to match the figures on the approval letter. When the proposed final HUD is approved the closing may take place as scheduled using a HUD exactly like the approved one.

Respectfully,
